

### Infomatrix Asia&Pacific 2017 Rules

1. The registration and all requisite forms regarding the competition are available on the web site: [www.infomatrix.kz](http://www.infomatrix.kz)
2. The registration and projects submissions starts on January 1st, 2017 and finishes on February 24'th, 2017.
3. Secondary-High school participants: All schools that meet secondary and gymnasium education requirements may enter the competition; the contestants must be enrolled at any institute that has an equivalent form of secondary education and within the age limits 10-18.
4. University students can participate in the "Robotics" category only.
5. Each team must be represented by only one person who will be considered as supervisor (teacher or school staff) except university students. Each supervisor can register more than one project and the projects can be in any category of the competition. From one school, several supervisors can be accepted (for different projects and teams)
6. Maximum 2 students for each team
7. Participants are not allowed to register the same projects with which they have participated to previous "Infomatrix Asia&Pacific" contests, unless there is a major change in the project.
8. Participants are responsible of what information they enter during registration. In case of any misspelled name or any other information organization committee won't accept any responsibility. Supervisor emails will be used as the contact information so please be sure that you typed a valid email address.
9. Please enter the participant's names in the registration form carefully, which will be used for the visa invitation. A spelling mistake may cause trouble for you during visa application. You need to submit a photo of your passport.
10. Registered participant student names cannot be changed after the deadline of registration.
11. The teams who participate in "Infomatrix Asia&Pacific" have to register in [www.infomatrix.kz](http://www.infomatrix.kz)
12. The Jury will evaluate the projects that have been sent between. The projects that qualify for the Infomatrix Asia will be announced on the [www.infomatrix.kz](http://www.infomatrix.kz) on 28'th of February 2017 and the supervisors will be informed about the results by e-mail.
13. For a project presentation in accordance with the given stand (panel) dimensions, the documents should be printed beforehand. Dimensions are available on official website
14. Each project must be presented with a report containing explanations about how it was prepared and the technical details of the project and short video of participants

15. The project report should not contain repetitions or prolongations. The report should be concise and focused on the subject, and not having omissions. The selection for Infomatrix is going to be based on project reports. During the competition each section will have a particular project task where each team must complete and present in a specified time.
16. Project report must be written only in English
17. The contestants should bring the hardware equipment needed for presenting the project. If any team needs help about providing hardware equipment, Suleyman Demirel University will try to help you (please, let us know beforehand)
18. We highly recommend wearing the national costumes, to make a good design to the stand and to have a great activity at the exhibition.
19. The participation fee (150\$) for each participant (only in one category and for one project, each extra project is subject for additional participation fee), which includes: accommodation at SDU Guest House, sightseeing (excursion), three meals a day, coffee breaks, transportation for 4 days. No registration fee waiver can be provided.
20. All qualified participants have to process payment:
  - a) For Kazakhstan teams: by 18:00, 5'th of April, 2017. The scan/photo copies of payments should be sent to [infomatrix@sdu.edu.kz](mailto:infomatrix@sdu.edu.kz) to prove that payment.
  - b) For teams from guest countries: at registration on 13'th of April, 2017.
21. For participants from guest countries, there is a transfer from/to airport.
22. Competition starts on 13'th of April and ends at 18:00 on 16'th of April.

#### Prizes and Awards
